

Work Experience 2009

We need to know some initial details for your Work Experience at the end of year 10.

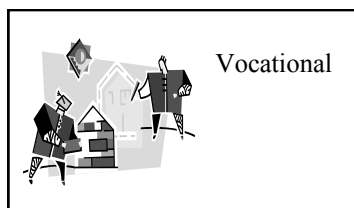

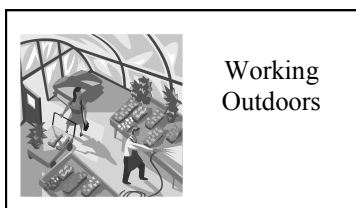

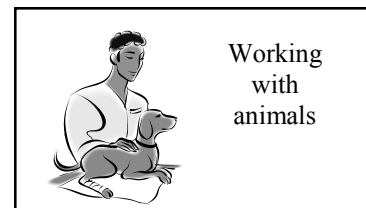

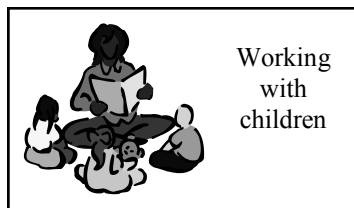

If you know what you are doing and are planning to organise own your placement then tick the “**arrange your own**” box and add a few basic details (where, who etc)

Also, if you are going back to your Community Action placement then please write “Community Action” next to your name and do not tick any boxes.

All other choices please tick up to 3 boxes as you think appropriate to your needs and put them in order of preference 1 to 3 (1 being favourite).

Arrange your Own
