KS3 Maths

www.hegartymaths.com subscription contribution

Dear Parent/Carer

We have been using www.hegartymaths.com for several years now and we have found it to be very successful with students and parents in terms of maths revision and homework.

Sadly, due to well-publicised budget cuts in education, our resources cannot stretch as far as they once did. As a result, we now have to ask for a small contribution from parents to help us fund this. Without such support, we will not be able to offer this outstanding resource for our students.

A Hegartymaths contribution for one year would be £1.50 per student in KS3. Requests for this payment will appear in www.parentpay.com for all KS3 students.

I feel this is very good value for money and using this website means there is no real need for additional revision guides or booklets as everything is contained on the site.

Thank you for your support with this. Please feel free to contact me directly if you have any queries regarding this matter (iandrews@imberhorne.co.uk).

Yours faithfully

Ian Andrews

Leader of Learning – Maths

Further information about Hegartymaths

The ability to answer questions with a video tutorial in particular is incredibly popular. On average, Imberhorne students spend over 11 hours on the site during a year on top of other maths homework. I have had lots of very positive feedback from students and especially parents about how useful the site is.
